

# Get Together

## Intro: G F (x3)

**G** Love is but a song we sing - fear's the way we die **F**

**G** You can make the mountains ring - or make the angels cry **F**

**G** Know the bird is on the wing - and you may not know why **F**

## Chorus:

**C** C'mon people now, **D** smile on your brother

**G** Every-body get together, try to love one an-other right now **C** **D** **G**

**G** Some may come and some may go - we will surely pass **F**

**G** When the one that left us here - returns for us at last **F**

**G** We are but a moment's sunlight - fading in the grass **F**

## <Chorus> (x2)

**G** If you hear the song I sing - you will under-stand **F**

**G** You hold the key to love and fear - all in your trembling hand **F**

**G** Just one key unlocks them both - it's there at your com-mand **F**

## <Chorus> (x3)

**G** Right now.... **G** (sustain) right now
