Sing A

Rainbow Connection

Baritone

```
F          Dm      B♭         C7            F          Dm    B♭    C7
Why are there so many songs about rainbows  and what's on the other side?

F          Dm      B♭   C7          F           Dm        B♭    C7
Rainbows are visions, but only il-lusions,  and rainbows have nothing to hide.

F          Dm              B♭          C7      F         Dm           B♭  C7
So we've been told and some choose to be-lieve it.  I know they're wrong, wait and see.

Gm          C7       Am7       Dm        Gm        C7           F
Someday we'll find it, the rainbow con-nection.  The lovers, the dreamers and me.

F          Dm           Gm           C7
Who said that every wish would be heard  and answered

        F          Dm     B♭  C7
When wished on the morning star?

F          Dm              B♭         C7       F          Dm     B♭    C7
Somebody thought of that and someone be-lieved it.  Look what it's done so far.

F          Dm      B♭         C7        F         Dm         B♭    C7
What's so amazing that keeps us star gazing  and what do we think we might see?

Gm          C7       Am7       Dm        Gm        C7           F
Someday we'll find it, the rainbow con-nection.  The lovers, the dreamers and me.

C      Dm     F   B♭             F         C   C7
All of us under it's spell. We know that it's probably ma-gic.

F          Dm           B♭            C7       F          Dm       B♭    C7
Have you been half asleep and have you heard voices?  I've heard them calling my name.

F          Dm        B♭             C7         F          Dm       B♭  C7
Is this the sweet sound that called the young sailors. The voice might be one and the same.

F       Dm      B♭      C7          F          Dm           B♭    C7
I've heard it too many times to ig-nore it.  It's something that I'm supposed to be.

Gm          C7       Am7       Dm        Gm        C7           F
Someday we'll find it, the rainbow con-nection.  The lovers, the dreamers and me.
