Dec 6, 2023
GOLD COUNTRY STRUMMERS

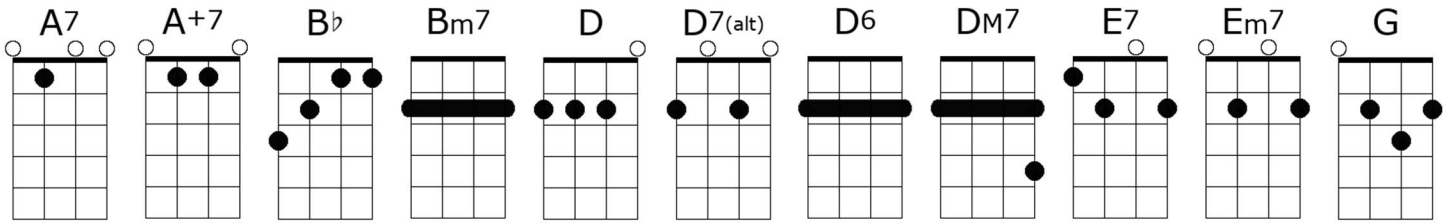
Intro: Em7 A7 Em7 A7 D (x4)

```
 D              D6          DM7             D6              Em7          A7 Em7 A7
I know I stand in line until you think you have the time to spend an evening with me
    A7          Em7           A7              Em7       A7     D6            DM7 D6
And if we go some-place to dance I know that there's a chance you won't be leaving with me
    D7                                                    G            Bb
And afterwards we drop into a quiet little place and have a drink or two...
    Em7          A7          Em7             A7         D    D6  DM7  D6
And then I go and spoil it all by saying something stupid like I love you

     D7                                                                G
I can see it in your eyes that you de-spise the same old lines you heard the night before
    E7              Bm7          E7              Bm7             A7          A+7
And though it's just a line to you for me it's true and never seemed so right before

 D              D6              DM7          D6              Em7          A7 Em7 A7
I practice every day to find some clever lines to say to make the meaning come true
    A7          Em7          A7          Em7     A7   D6           DM7 D6
But then I think I'll wait until the evening gets late and I'm a-lone with you
    D7                                                          G            Bb
The time is right your perfume fills my head the stars get red and oh, the night's so blue...
    Em7          A7          Em7             A7         D
And then I go and spoil it all by saying something stupid like I love you

 D              D6              DM7          D6              Em7          A7 Em7 A7
I practice everyday to find some clever lines  to say to make the meaning come true
    A7          Em7          A7          Em7     A7   D6           DM7 D6
But then I think I'll wait until the evening gets late and I'm a-lone with you
    D7                                                          G            Bb
The time is right your perfume fills my head the stars get red and oh, the night's so blue...
    Em7          A7          Em7             A7         D          Bb (sustain)
And then I go and spoil it all by saying something stupid like I love you...
```

Outro: repeat x3 and fade


```
 D          Bb (sustain)
I love you...
```
